

Preserving the Road Home

ATTENTION PLEASE

Dear Resident: weather permitting, for part of an upcoming day, your street will have limited access. Please park in your driveway. This street rehabilitation lays down a thin blacktop lift that takes a few hours to cure and safely drive on. Your street will only be under construction for one or two days barring setbacks. Thank you for your patience.

**Work to occur on the following days:
Monday, 9/22, Tuesday 9/23, and Wednesday, 9/24 if needed.**

It is our intent to finish the project in two days; however, should weather or another unknown factor delay our progress, the work could go into the third day.

From our experience, we know that our success depends upon your cooperation and understanding, so please observe the following

1. Keep the street free of all parked cars between 7AM and 7PM. Cars parked on the street will have to be removed.
2. After the streets are open to traffic, please drive slowly over the pavement and do not spin your tires. Do not sit still and turn your power steering as it will "scuff" the pavement surface.
3. Please turn off all water sprinklers.
4. If your street is scheduled to be worked on and it rains, we will return the next day if it's not raining to complete the work.
5. Understand that the layer of blacktop is designed for traffic to serve as the rolling mechanism. Traffic on your street will smooth out the surface over the coming weeks.

We hope you will not suffer any inconvenience. We will do our best to work quickly and reopen your street to traffic. Generally, your street will be fully open within two hours of the blacktop being placed.

Schedule:

Tuesday, 9/22 – Three Rails Ct., Meadows Dr., Bluegrass Way, Three Chimneys Ct.,
Calumet Ct., Winners Circle

Wednesday, 9/23 – Sires Run, Mill Creek Dr., White Barn Pkwy., Long Trail

This notice will be posted on the Village website – ostranderohio.us. Questions can be directed to Mayor Joseph Proemm, jproemm@ostranderohio.us

Thank you for your patience and understanding!
